NTSC News

Good news out of the state of Pennsylvania. Since the beginning of a grant for funding of the Pennsylvania ROPS Rebate Program in late 2022 the list of farmers waiting to install rollbars on their tractors has been cut roughly in half! The waiting list in PA stood at 254 farmers in December 2022. **As of the end of May of this year that number is now 137!** Congratulations to the PA ROPS team at Penn State University and a huge thank you to the Pennsylvania Department of Community and Economic Development as the source of the funding.

Illinois AgrAbility through the University of Illinois secured \$10,000 in funding for ROPS rebates in February 2024. This is the first funding of its kind in Illinois and hopefully will be the inception of a long term program in the state.
