

A man with a mustache and a tan jacket is holding a photograph of a tractor that has rolled over. He is standing in a barn with cows in the background.

**“I broke my ribs, couldn’t
work for months, almost
lost the family farm... and I
was one of the lucky ones.**

When my tractor flipped over,
I broke all the ribs on one side.
I had tractor tracks on my back
when they pulled me out. After
three generations in the family,
we could have lost the farm.

Without the proper protection, it could happen to you. More than half of rollover injuries require a trip to the hospital and result in 70 lost workdays due to the injury. 1 in 7 farmers involved in tractor overturns are permanently disabled.

Now, getting rollover protection has never been easier or more affordable.
